

Projects Seeking for International Cooperation of Liaoning Province in 2016

No.	city	Project	Trade	District and Contact Person	Project Brief Introduction
1	shenyang	Damintun Agricultural Products Further Processing Park	Agricultural products further processing industry	Xinmin Chang Xin (0086-24-87517110)	Relying on the solid agricultural foundation of Damintun modern agricultural demonstration zone, it is planned to build further processing park in Damintun and to introduce many further processing enterprises of agricultural products, thus to form accumulative effect.
2	shenyang	Liaozhong Food Processing Park Development Project	Agricultural products further processing industry	Liaozhong County Li Xia (0086-13840552262)	Located in Manduhu Town of Liaozhong County, along with Liaozhong Expressway, it is planned to make distinctive agricultural products industrial cluster cored by four leading industries of garden stuff processing, livestock processing, aquatic products processing as well as grain and oil processing.
3	shenyang	National Agricultural Park Project	Leisure agriculture	Faku County Gao Yuhui (0086-13889284809)	Relying on regional resources advantages of general airplane exhibition and ceramics culture in Faku Modern Agricultural Industrial Base, it is planned to make the agricultural park development pattern of "one park, two belts and eight zones": "one park" for national agricultural park; "two belts" for national modern agricultural demonstration belts along with Shenyang-kangping Highway.
4	shenyang	Kangping Hanfu Apple Further Processing Project	Agricultural products further processing industry	Kangping County Wang Xiaokui (0086-15942392222)	It is planned to establish apple further processing enterprises and set up production lines for fruit juice concentration and fruit squash, apple vinegar, apple jam, apple cider, apple donut and apple powder etc and other subsidiary facilities, according to markets situation at home and abroad.
5	dalian	Dalian Green Food Industrial Park	Agricultural products process and food production	Lv Shunkou District Tao Xinliang (0086-15941132699)	The project is located in Liuzhong village and Dafangshen village, Great Wall Street, Lvshun, the total land coverage is of 2.06 square kilometers with complete infrastructures
6	dalian	Green Food Industrial Park Project	Agricultural food processing industry	Lv Shunkou District Tao Xinliang (0086-15941132699)	The project is located in Liuzhong village and Dafangshen village, Great Wall Street, Lvshun, Dalian, the total land coverage is of 2.06 square kilometers, and it mainly focuses on the construction of the agricultural projects processing projects and the food production projects.
7	dalian	Shounong Group Logistics Project	Agricultural logistics	Bonded Zone Geng Keran (0086-13604055999)	Cold chain logistics
8	dalian	Agricultural Products Intensive Processing Technology Development Incubation Park	Subsidiary agricultural products processing, wholesale industry, transportation and storage industry	Jinzhou New district Sun Xianzhong (0086-411-87200163)	The project will mainly focus on the constructions of some agricultural deep processing projects which play the leading role for the production industry of the local cherry, peach, livestock products, aquatic products and other advantageous products, also including the warehousing logistics center, agricultural products deep processing projects, agricultural machinery and agricultural products trading market, etc.
9	anshan	Processing project of plasma protein powder and blood corpuscle protein powder, yearly capacity 7000 tons	Agricultural products deep processing	Tai An County Wang Junshi (0086-13009372788)	The project is to construct the production line and the ancillary facilities to produce plasma protein powder 1600 tons per year and Spray-dried animal blood cells powder 5400 tons per year.
10	anshan	Chicken meat industrialization project	Agricultural products deep processing	Tai An County Wang Junshi (0086-13009372788)	The project has been divided into 3 phases: the first phase is with the investment of 1 billion yuan, aiming to build 2 chicken breeding base of 50 million chicken per year, and 1 forage plant of 800, 000 tons of forage production per year; the second phase is with the investment of 3.5 billion yuan, aiming to construct 3 table poultry breeding base with 35 million chicken per year; the third phase is with the investment of 500 million yuan, aiming to construct one slaughterhouse of 100 million poultry and one poultry meat processing factory of 20000 tons cooked chicken per year.
11	jinzhou	Agricultural and Sideline Products Deep Processing Industry Cluster Project.	Deep processing of agricultural products	Beizhen City Zeng Li (0086-416-6622238)	The project develops the processing of fruits and vegetables, dehydrated vegetables, pickled cabbage processing, fruit deep processing, fruit and vegetable chips production, and canned fruit and vegetable processing; grain and oil processing, coarse cereals processing and comprehensive utilization, clean rice production, fine rice bran oil production and other projects.

12	yingkou	Australian Cattle Farming Project	Agriculture	Dashiqiao City Zheng Xujiang (0086-15141781117)	The project covers an area of 333,000 square meters. The investment enterprises build new barns and grazing regions. There are 5000 Australian cattle that can be slaughtered each year. The pure profit for each cattle is 6000 to 8000 yuan. The annual profit is 300 million yuan.
13	tieling	Modern Agriculture Industrial Park Project	Modern agriculture	Fan River New District Liu Zhenglin (0086-18741060007)	The planned area is 1000 mu, and the expected investment 1 billion yuan. Create modern agricultural industrial park project with a set of pollution-free vegetable, fruit and rice cultivation, agricultural products deep processing, ecological harvesting, special catering, and leisure tourism.
14	tieling	Corn Biochemical Processing Project	Agricultural deep processing	Changtu County Mi Zhongguo (0086-13904101018)	Construct a corn biochemical processing project of 400,000 tons, including corn starch project, corn embryo oil project, corn sugar project, corn ethanol project, and corn inositol project.
15	tieling	Potato Deep Processing Project	Agricultural products deep processing	Changtu County Qi Yongxin (0086-18741038788)	The project includes potato powder processing, puffed food processing, and leisure food processing, etc. in a superior geographical location. After the completion of the park, gather agricultural products processing enterprises all over the county in this park. Investment enterprises in the park enjoy preferential land, taxes and non-tax policies.
16	tieling	Modern Agricultural High-tech Demonstration Industrial Park Project	Agricultural products deep processing	Changtu County Qi Yongxin (0086-18741038788)	It's planned to construct an ecological, efficient, scientific and technological agricultural high-tech industrial demonstration zone within 3 to 5 years. Investment enterprises in the park enjoy preferential land, taxes and non-tax policies.
17	tieling	Tourism Development of Northeast Chinese Yew Health Valley and Paclitaxel Extraction Project	Agricultural products deep processing	Xifeng County Lin Shengzhi (0086-24-77856601)	The project is divided into three stages. The planned area is 1200 mu with the investment of 800 million yuan. The project is engaged in large-scale cultivation of Chinese yew, and planned to construct the largest Chinese Yew Forest Park in northeast China and even China.
18	chaoyang	Beipiao Agricultural Products Processing Park	Agricultural products deep processing	Beipiao Wang Kezhong (0086-13591886699)	It is planned to construct several separate sections with different functions in the park, namely, food processing industrial park, export agricultural products processing park, modern logistics industrial park, information science and technology industrial park, and incubation bases, as well as grain processing industrial park.
19	panjin	River Crab Deep Processing Project	Agricultural deep processing	Panshan County Gao Jinlong (0086-13795046600)	Construct advanced production lines for processing high-quality river crab products with an annual yielding of 10000 tons, standard workshops of 4000 square meters, and 600 tons frozen storage.
20	huludao	Huludao international eco-agriculture industrial town project	Agricultural comprehensive usage	Lianshan District Chen Lei (0086-13898952366)	The main constructions are: agricultural cloud calculating center, high-capacity aquatic products breeding, high-end cultivation, agriculture and food production and processing, logistics, new energy technology, agriculture theme tourism, healthcare residence, agriculture convention and exhibition center, etc.
